

PROFESSIONAL DATA PROTECTION  
SIMPLE, FAST AND RELIABLE

Workstation & Server Backup

# NovaBACKUP®

COMPLETE DATA PROTECTION. LOCAL, ONLINE AND IMAGING.

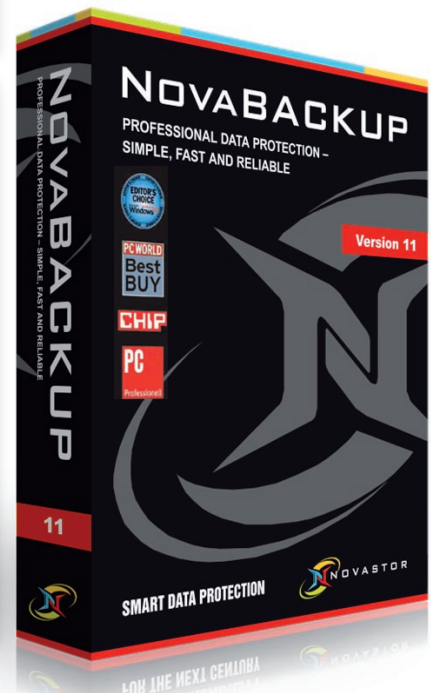

NovaBACKUP 11 protects data on workstations and servers locally or online. Regardless of theft, user error or hardware failure NovaBACKUP protects and restores your data.

## New in Version 11.1

- TimeSlider: Quick restore regardless of backup time and location
- Back up to mapped drives without browsing through the network
- Improved Exchange backup
- Microsoft Windows 7 and Windows Server 2008 R2 support

## Advantages of Version 11

- ✓ Local and off-site backup for full data availability, anywhere any time
- ✓ Free choice of provider assures optimal online storage conditions
- ✓ Certified compatibility with hundreds of online storage services
- ✓ Disk Imaging for complete system recovery and fast availability
- ✓ Economic use of storage space and high-speed restores
- ✓ Great flexibility with broad media support, local and online
- ✓ Password protection and data encryption for online data security
- ✓ Virus protection for backups, free updates included
- ✓ Low effort for reliable results with automatic backups including open files
